

Optimal Page replacement

Optimal Page replacement

In this algorithm, pages are replaced which would not be used for the longest duration of time in the future.

Optimal Page replacement - example

7 0 1 2 0 3 0 4 2 3 0 3 2 1 2 0 1 7

we have 3 page slots empty

	7	0	1	2	0	3	0	4	2	3	0	3	2	1	2	0	1	7
			1	1	1	3	3	3	3	3	3	3	3	1	1	1	1	1
		0	0	0	0	0	0	4	4	4	0	0	0	0	0	0	0	0
	7	7	7	2	2	2	2	2	2	2	2	2	2	2	2	2	2	7
	*	*	*	*	hit	*	hit	*	hit	hit	*	hit	hit	*	hit	hit	hit	*

Page hits = 9

page faults = 9

Optimal Page replacement - question

1 2 3 4 1 2 5 1 2 3 4 5

we have 4 page slots empty
